

CHOIRSCHOOL 2011

October 20th – 22nd, London Metropolitan University

Thank you for signing up to ChoirSchool. These instructions are very simple.

When you attend, you will be met and taken to a room for a workshop. Half the group will be with you. The other half will be in another room with a different workshop leader. When the first session is complete, your group will be led to the other room and once the groups have swapped, you will do your second workshop. This simple process will give you time for a break between sessions.

Please keep in mind we are on a tight schedule and the workshop leaders require a little downtime too so it will probably be best to keep questions VERY brief and better to write them down and we'll communicate answers after ChoirSchool is done. All sessions will be recorded and you can purchase these early in November.

If you have any last minute questions, Nav will be on phone all through Thursday 20th on 07731 573 579.

Thursday and Friday attenders please make sure you are at the University **BY 5.45pm** both evenings. If you are running late please call either of the two event coordinators below.

Saturday attenders please make sure you are at the University **by 9.45am**. Again, if late, please call either of the event coordinators below. Lunch is simple and light as you **ONLY** have 30mins between sessions.

Who can I call if I'm lost/running late? Your two event coordinators are Elaine and Laima. They will meet you at reception, pick you up from there if there are any issues and help you with general queries. They will also take final payments.

Elaine – 07747 015 840

Laima – 07964 014 625

Where should you go? 'Tower Building' of London Metropolitan University. This is the tallest building with the University name on it almost directly opposite the exit from Holloway Road tube station.

London Metropolitan University, 166-220 Holloway Road, London, N7 8DB

Please wait in the reception there and you will be met and taken to the rooms 5mins before sessions start. (Buses 43, 271, 393 and 153 stop right outside the building, Highbury and Islington tube/overground is 7mins walk along Holloway Road and of course Holloway Road Tube station is just across the road)

What should you bring? If you would like to bring recording devices you are welcome to. Obviously note taking will slow you down and might not be possible during the sessions but you should have writing implements with you incase. Water will be provided.

**Thursday 20th –
6-9pm**
